

*Let's work together to keep  
travelers safe*

**Travelers are looking for solutions to keep them informed and safe while on their journey.**

**Companies want to do everything possible to ensure traveler safety and compliance with travel policy.**

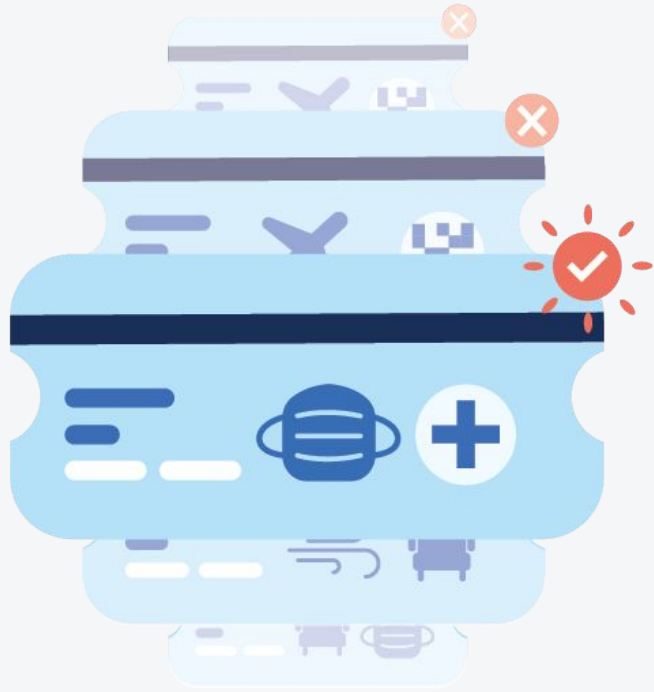

# Which can be difficult to do, when travelers are shopping on external websites

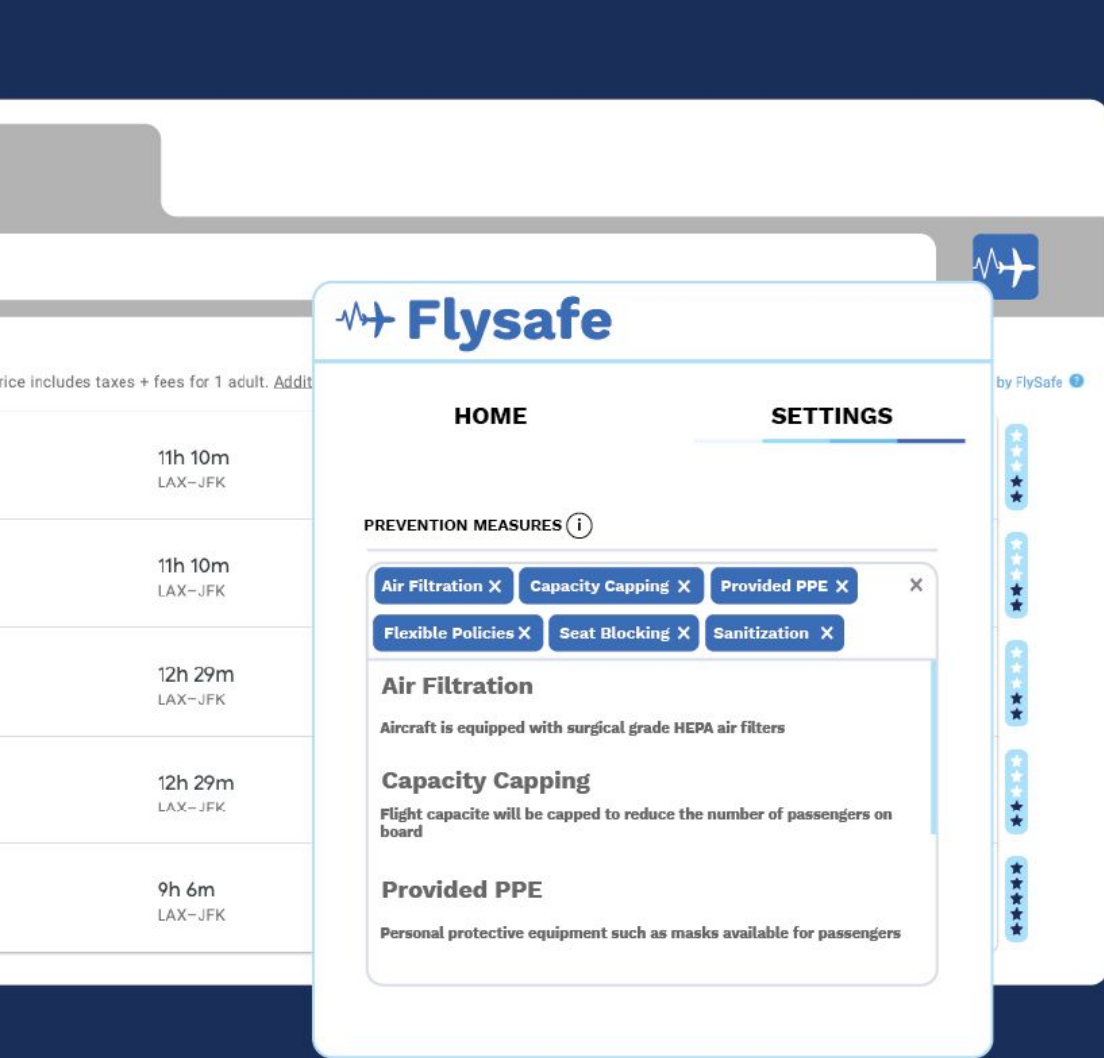

Flights

**At Pilota, we have launched FlySafe  
to keep your travelers safe and  
traveling within policy.**

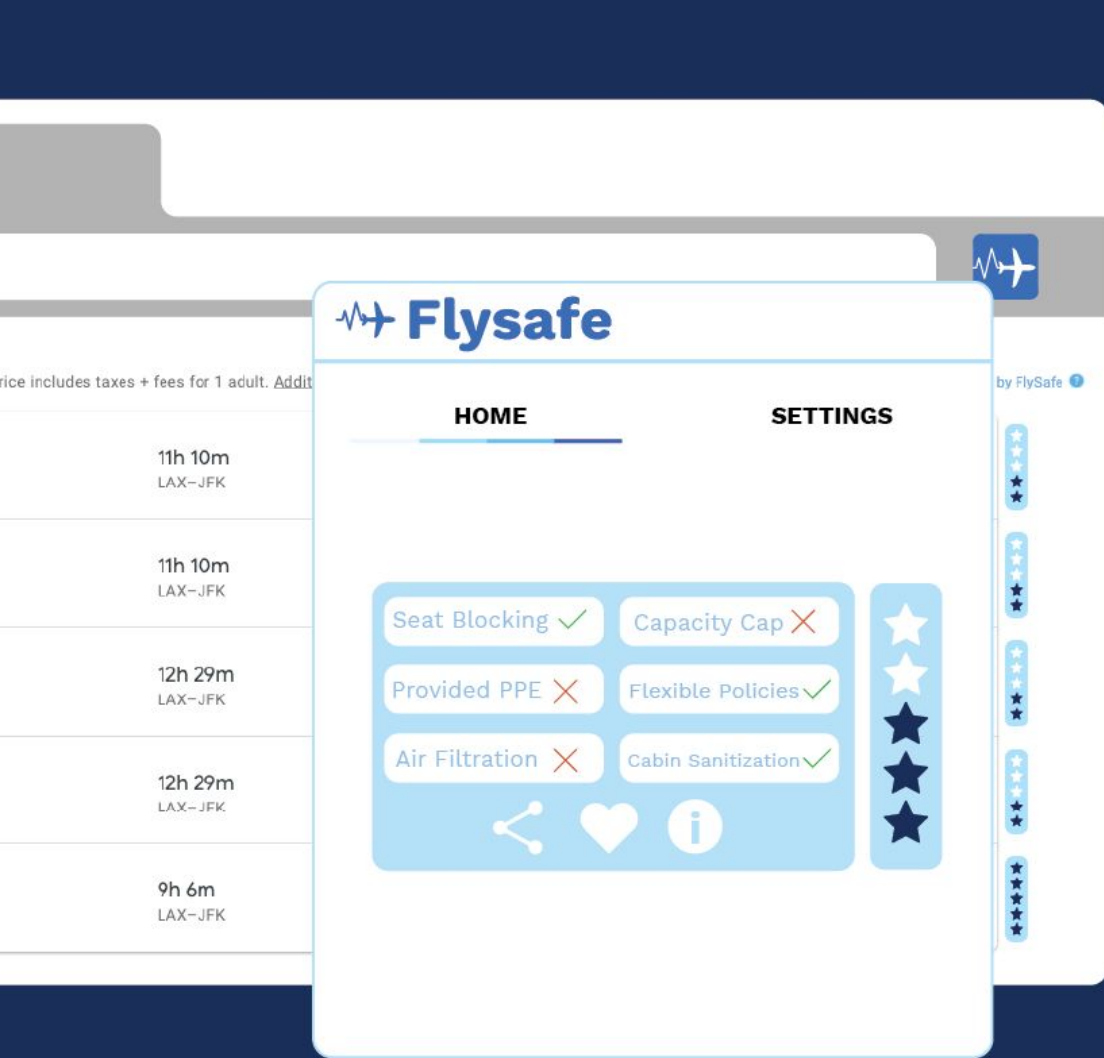

**FlySafe provides travelers with everything they need to know about the **safety** of their upcoming journey and **compliance** with company travel policy.**

**Travelers can choose which factors matter most to them.**

*(or this can be determined by the company)*

We then provide ratings to allow them to easily compare flights based on these factors.

Price includes taxes + fees for 1 adult. Additional bag fees and other fees may apply. Sort by: Rating Enhancement by FlySafe

11h 10m LAX-JFK	2 stops DFW, CLT											
11h 10m LAX-JFK	2 stops DFW, CLT											
12h 29m LAX-JFK	2 stops DFW, CLT		\$144									
12h 29m LAX-JFK	2 stops DFW, CLT		\$144									
9h 6m LAX-JFK	1 stop 1h 11m FLL											

And they can quickly view which selected factors each flight has and whether it falls within policy.

The screenshot displays the Pilota website interface. At the top, the Pilota logo is visible in the browser's address bar. The main content is divided into two sections: "Flight Details" and "Health & Safety Ratings".

- Link: [View booking page >>](#)

**Health & Safety Ratings:**

- Rating: ★★★★★
- Text: Rating calculated based on health & safety measures implemented by the airline(s)

**Overview:**

JFK → SFO A357

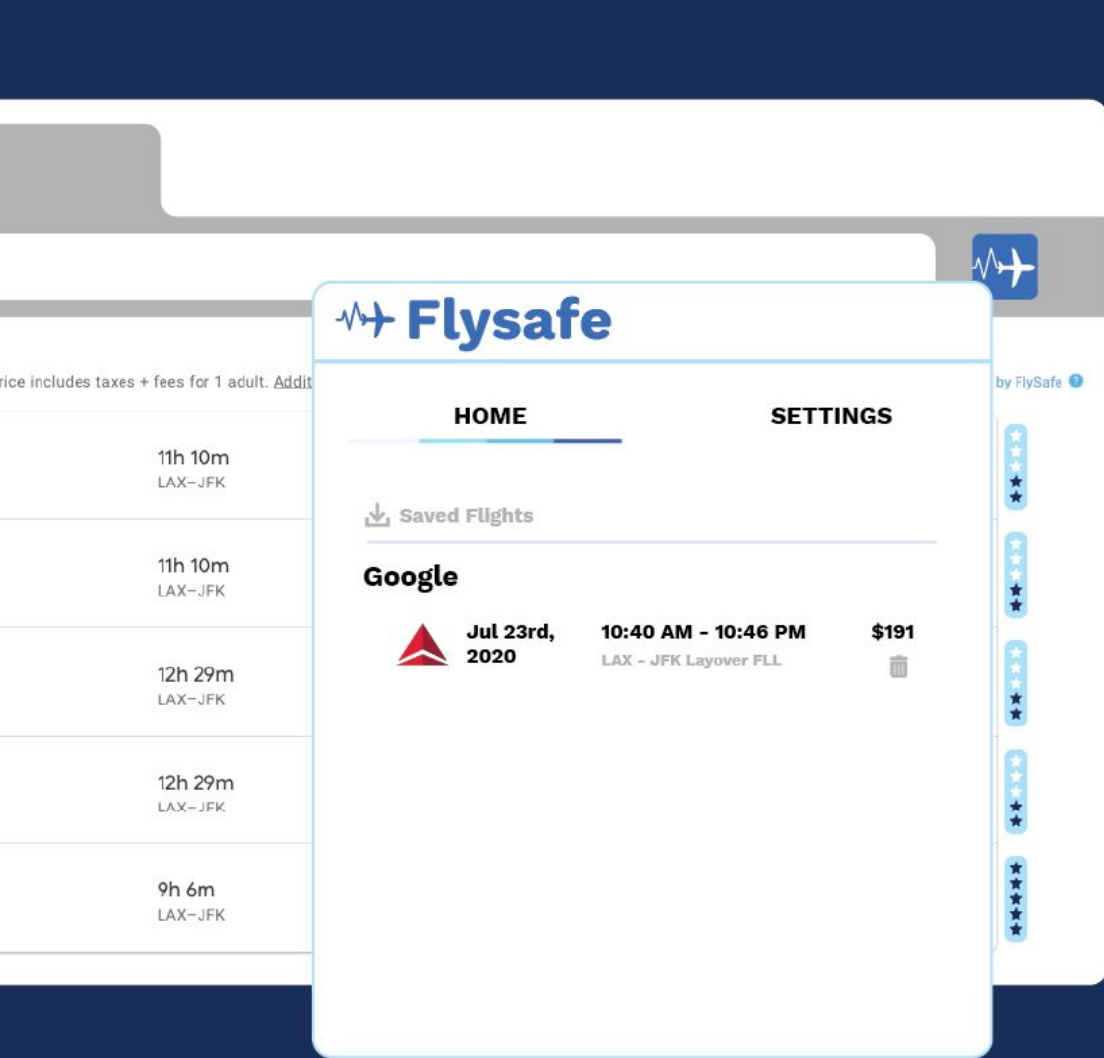

Max Filled Seats (1) 130 / 200 (65%)

[Visit Airline Website](#)

**Health & Safety Features:**

- Air Filtration:** Aircraft is equipped with surgical grade HEPA air filters
- Capacity Capping:** Flight capacity will be capped to reduce the number of passengers on board
- Provided PPE:** Personal protective equipment such as masks available for passengers
- Flexible Policies:** Ticket rebooking/cancellation waivers available
- Seat Blocking:** Blocked middle seats for reduced passenger contact
- Cabin Sanitization:** High grade cabin
- Boarding Sanitation Measures:**
- Mask Required:** Mask required for all
- Food Hygiene:** Improved food hygiene
- Social Distancing:** Social distancing

**And they have the option to see even more about the safety, disruption and other details for each flight. This includes our AI based insights.**

Flights can also be saved to view again later on when it is time to browse again.

# How to Access FlySafe for Business

---

## Custom Browser Extension

These ratings and analytics can be provided through a custom browser extension that will be preset with the factors that are selected by you or the company. The travelers can then access this extension and we provide the analytics to you.

## APIs

These ratings and analytics can also be provided through APIs that can be integrated into your booking platform.

# Why FlySafe for Business?

---

## Enhanced Insights

FlySafe for business opens up even more details and enhanced insights about each flight for travelers to access.

## Travel Policy Compliance

FlySafe will **allow for adherence to policy** regardless of the website being used to book.

## Travel Manager Tools

Our product includes access to a dashboard to allow travel managers to **monitor itineraries** and **safety precautions**.

**Let's prepare for the new era of travel together by building technology to keep travelers safe and healthy.**
